CARTER TOO ACTIVE.

Himself a Prisoner, Has Been Counseling Prisoners.

Washington, D. C., April 29.—The attention of the war department has been called to the activity of Oberlin M. Carter, formerly captain of engineers, now confined in the penitentiary at Fort Leavenworth, Kas., in acting as attorney in the preparation of appeals and petitions of habeas corpus of prisoners who claim they are illegally confined in the Leavenworth prison. The claim is made that the prisoners were sentenced to be confined in Billid, Manila, or Alcatraz, Cal., which are military prisons, and being transferred to a federal prison not under military control violates the sentences. Cases of this character already are pending in the circuit court of appeals and the war department thinks it would be well to have them decided before any more habeas corpus proceedings of a like character are brought. A letter will be written to the attorney general suggesting that the warden of the prison cause Carter to desist.

New York's Sensation.

"What was unquestionably the most thrilling act of the evening was that of Minting, the equilibrist, who rode a single wheel, or unicycle, up a narrow spiral pathway that wound around and around from the floor of the Garden to the dome of the Garden. On this dizzy road Minting rode his single wheel both up and down. One misstep and there would have been a tragedy to tell. Many of the women in the audience refused to watch the nery rider as he made the ascent, and many were the sighs of relief when he reached the bottom again in safety. It was an act of sheer nerve, and Minting well deserved the applause that greeted him on his return to the Garden floor."—New York Daily News, the first evening newspaper printed in the metropolis and for many years having the largest circulation of any newspaper in America. Will be here on May 2.

Dreadful Attack of Whooping Cough.
Mrs. Ellen Harlinson, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by J. N. Wallace.

Two Indian Agents Are Involved.
James E. Jenkins, special agent of the Indian department, has been investigating the offices of G. I. Harvey, superintendent of the Pawnee agency, at Pa. wnee, and O. Ross Guffin, United States Indian agent at Sac and Fox, with the alleged result that he has reported adversely to both officials. The complaint against Harvey is that he does not possess sufficient tact to discharge his duties properly. The details of the complaint against Guffin are not known.

A Chattanooga Druggist's Statement.
Robt. J. Miller, proprietor of the Read house drug store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Sold by J. N. Wallace.

Suit to Quiet Title.
In the district court yesterday Mrs. Friedrika Wilson commenced an action against James Sumerville to quiet the title to lots 14, 15 and 16, in block 11, Guthrie proper; also against the Industrial Publishing company to quiet title to lots 17 and 18, in the same block. Her attorneys are W. R. Payne, Green & Green.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Sold by P. N. Wallace.

Indian Guardians Dismissed.
Associate Justice Irwin has rendered an important decision regarding the appointment of guardians for Indians to prevent them from disposing of their money as they please. Many such guardians have been appointed for the Arapahoe-Cheyenne Indians. Judge Irwin has dismissed all such, holding them to be illegally in office and prohibits the lower courts in the future from interfering with the Indians' private finances.

The Whirling Wheelers will give a grand free exhibition in front of the Standard theatre every evening at 8

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Sold by J. N. Wallace.

When you see strangers don't imagine they are trying to find out who you are; they are probably thinking you are wondering who they are.

Chronic Bronchitis Cured.
For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried 11 remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by J. N. Wallace.

The Santa Fe is engaged on a big job of hauling cattle from Texas to the Kaw and Osage pastures. About 4,000 carloads are to be unloaded at Raistown, the remaining two carloads going to the Otoe and Mission reservation.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Sold by J. N. Wallace.

Hamilton, O.: Joseph Piper, a tool-maker, announced the perfection of a marvelous process for tempering steel. He gave a public demonstration, using a razor of his manufacture to cut pieces from nails and then shaving with the same blade. The keen edge did not show any sign of its rough usage. The material used in the tempering is a secret liquid.

See the Whirling Wheelers at the Standard theatre tonight.
